ABOUT NAESCO

The National Association of Energy Service Companies is a national trade association promoting the benefits of the widespread use of energy efficiency for more than 25 years. NAESCO's current membership of about 80 organizations includes firms involved in the design, manufacture, financing and installation of energy efficiency and renewable energy equipment and the provision of energy efficiency and renewable energy services in the private and public sectors. NAESCO members will deliver about \$6 billion of energy efficiency, renewable energy and distributed generation projects this year.
